## GOLF SHOP

Summer is coming to a close in the next month or so as school will start up soon. Fall is certainly one of the best times of the year to get out on the course.

We still have a good selection of merchandise in the shop. Please take advantage of our monthly promotions we have this month.

We've expanded the availability to participate in the 2 person scramble on Wednesdays. Now, we have 3 starting times, by request, for our members and guests. 7:30 Shotgun Start, 8:30 Shotgun Start and Tee times are available after noon each Wednesday. When signing up to play, please indicate your desired starting time.

## Maintenance Department

The heat has arrived and has pushed us to get the hoses out! The greens have been feeling the stresses of the summer heat but we are keeping right up with them with little to no damage from LDS (localized dry spots). Our normal greens applications have been applied and amino acids allow the plant to heal faster in these conditions. As many of you know we currently have a project underway in constructing a new tee for hole number one. This is about 40 yards behind the original gold and blue tee and will transform the hole into a par 5. We will sod the top with meyer zoysia grass and wrap the sides with a Bermuda fescue mix. The greens will receive a pencil tine followed by a light topdressing after to ensure a smooth putting surface. This will take place the middle of the month.

## GM Corner

We will miss long time member Blanche Laffey. She and her husband Paul were founding members and long time supporters of the golf course. Blanche continued to support the course and play after Paul passed away in 2009 but this year she has moved to Columbia to be near her daughter. New address is: Lenoir Apt 506, 3801 Miller Drive, Columbia MO 65201

We've begun the process of building an additional tee on hole #1. This tee is located at the intersection of the cart path leading to hole #1 and the path leading to the back side of hole #2. Effective August 17th, hole #1 will now become a par 5 and moving the par on the course from 71 to 72. The White and the Red Tees will be moved back up to the tee below the putting green. Our desire is to migrate the putting green behind this tee and behind #5 green to offer a better practice green for our members and guests.
